**REQUIRED Embargo Period**

Embargos must be pre-approved (approval must be granted before final submission of the paper) by the Assistant Dean of Graduate Academic Services. Substantive reason(s) why the document should be held are to be provided by the student’s advisor to the assistant dean (email requests are allowed). The options available for embargos (unavailable for downloading) are six months, one year, or two years.

REQUIRED College

Enter College:
Public Health

REQUIRED Degree Name

Degree Name:
Master of Public Health (M.P.H.)

REQUIRED Document Type

Graduate Capstone Project

REQUIRED Committee Chair

Committee Member

Committee Member
REQUIRED **Director of Graduate Studies**

If student doesn't provide key words, use the title and add public health.

REQUIRED **Keywords**

To enhance the indexing and retrieval of your thesis/dissertation, you may add up to five keywords or phrases as descriptors. They should be separated by commas. They will help identify and classify your thesis/dissertation in online searches. Possible keywords or phrases include geographical locations or scientific names not mentioned in your title or abstract.

**Keywords:**
public health, stroke, mortality, ecologic, stroke belt

REQUIRED **Subject Categories**

Please select at least one subject category that best fits your thesis/dissertation. Subject categories will improve the indexing and retrieval of your thesis/dissertation. Click [here](#) to view the complete list of disciplines.

**Available:**
- Architecture
- Arts and Humanities
- Business
- Education
- Engineering
- Law
- Life Sciences
- Medicine and Health Sciences
- Physical Sciences and Mathematics
- Social and Behavioral Sciences

**Selected:**
Public Health
**Abstract**

Learn how your abstract can improve the discovery of your thesis/dissertation in online searches.

**Paste or type Abstract:**

```
annual PM2.5 concentrations, distressed community index score, and state’s decision to expand Medicaid. Some covariates displayed relationships with mortality that were non-stationary and varied over the study area.

Conclusions: Thoughtful consideration should be made in studies of geographic access to the methods used for estimation, along with the possibility of a non-linear and nonstationary relationship with study outcomes.
```

**Upload Full Text**

To locate your file: Click the Browse button to locate your manuscript on your computer.

**Full text of submission:**

- Upload file from your computer
- Import file from remote site
- Link out to file on remote site
